

Project: Creation of a dairy farm for 500 head of cattle

Information

Description and history of the project:

The goal of the project is to create a dairy farm for 500 head of cattle.
Year of implementation - 2009, number of jobs-75

Location: Kostanay region, Sarykolsky district

Production: milk

Current project status: problematic, not functioning

Project cost: 359,028,600 tenge (*the project cost is approximate and may vary depending on various factors*)

The amount of investment required: the amount is unknown
(*investments are needed to start a dairy farm, repair a building, restore dairy equipment, purchase breeding dairy cattle*)

The mechanism of realization of the project to a potential investor: buy and sell agreement, equipment- secondary leasing

Support tools: installment payment

Brief description of the project:

Financed in 2009. The livestock has long been located on the territory of the farm and kept in conditions that do not meet the requirements of keeping breeding cattle. The reason for low milk yield, as well as the death of cows, is an imbalance in the diet. Acidosis occurs as a result of a rapid and sharp increase in the number of concentrates in the feeding diet, most often as a result of errors made in feeding: a poorly composed feeding diet or a poorly prepared complex feed mixture

Target market: Kostanay region

The capacity of the project: milk yield - 300 thousand liters / month

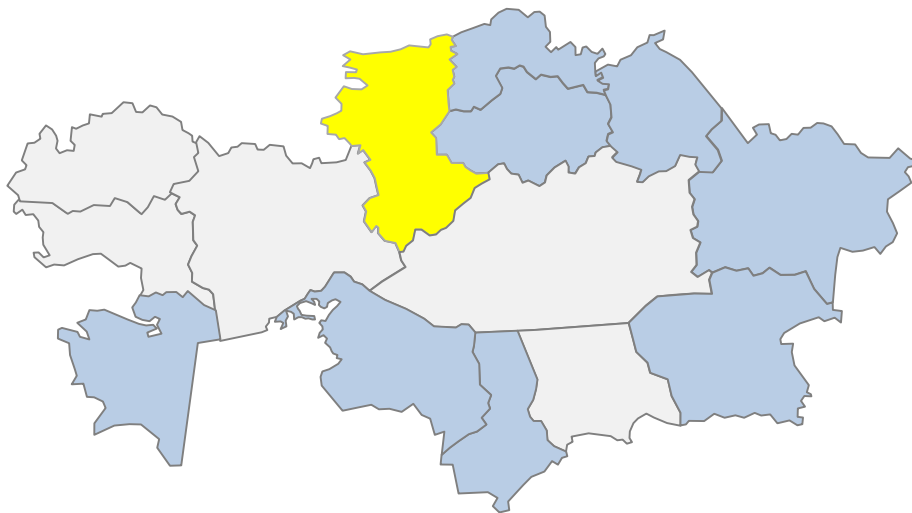

Infrastructure: there is all the infrastructure on the investment site, water supply, electricity, road

Reason of project problem: the project did not reach its design capacity, poor quality management, management problems

Cessation of activity: 2012 year

Project: Creation of a dairy farm for 500 head of cattle

Project implementation location

Photos of the object:

List of assets

Quantity

Dairy farm for 500 head of cattle with an area of 5,316.2 sq. m. with the right of temporary land use on a plot of 7.0 hectares

1

The right of temporary paid land use (lease) for a land plot (s/y) for 48 years, with a total area of 669.2 hectares
